

1. KEEP IT KIND. Others see the world differently from you. Check our Code of Conduct (wearepunch.co.uk/gallery-37) If it looks like you're testing the rules, we'll assume you are - see (8)
2. KEEP IT COOL. If someone calls you out for rule-breaking, don't defend yourself! Take a little time to quietly reflect.
3. KEEP CONNECTED. We have different groups to help you develop your professional network. Keep in the right group and don't cross-post.
4. KEEP IT PG. Don't use words that target any group, on or off the course, and don't point swear guns at other people. 12A at the most! (PUNCH knows all the slang, so don't test us!)
5. KEEP IT ON POINT. Don't spam everyone with memes and back-to-back messages
6. KEEP IT PROFESSIONAL. If you see someone break a rule, politely point it out to them. If they argue, don't argue back - go straight to (7)
7. KEEP IT SAFE. If something horrible is happening that you can't stop, or don't feel comfortable trying to stop, DM the group owner straight away.
8. KEEP YOURSELF ON THE COURSE. The PUNCH team are authorised to take any action to keep participants feeling safe, with or without warning, and at any time. Consequences for haters and bullies may extend beyond this forum, into GALLERY 37 and even other PUNCH programmes.
